

HONEY PAPER

We're proud to introduce our bio-degradable, economical, sustainable paper packages, replacing plastic with a greener alternative.

SMART & ECO PACKAGING

SAY GOODBYE TO PLASTIC AND FOAM MATERIALS!

Honey Paper, we're not just providing packages; we're fostering a community dedicated to a sustainable future. Join us in this heartwarming journey toward environmentally friendly packaging revolution.

ABOUT US

Since 2003, we have been producing high-strength paper solutions in modern facilities, combining advanced technology with a strong commitment to quality.

Our products are designed for durability, efficiency, and a clean, premium appearance. With an environmentally responsible approach, we focus on recyclable and biodegradable materials.

We deliver reliable, sustainable packaging solutions with a simple and consistent quality mindset

Microplastic pollution is a global challenge. Annually, about 350 Million tons of plastics are used, but unfortunately only 10% of it is effectively recycled. Not all plastics are recyclable, and traditional plastics take 450 years to bio-degrade.

OUR SUSTAINABILITY APPROACH

OUR PRODUCTS

WE MANUFACTURE HONEYCOMB PAPER IN STANDARD WIDTHS OF 38 CM AND 50 CM, WITH ROLL LENGTH OPTIONS OF 50 M, 100 M, AND 250 M.

PRODUCED FROM 100% VIRGIN MATERIAL, OUR PAPER OFFERS MAXIMUM STRETCH AND HIGH STRENGTH FOR RELIABLE PROTECTION.

AVAILABLE IN KRAFT AND WHITE, OUR PRODUCTS MEET THE HIGHEST QUALITY STANDARDS, DELIVERING CONSISTENCY AND A CLEAN, PREMIUM FINISH.

HONEY PAPER PROPERTIES

Honey paper offers up to 60% stretchability and is extremely easy to use. It requires no tape, scissors, or additional materials during packaging.

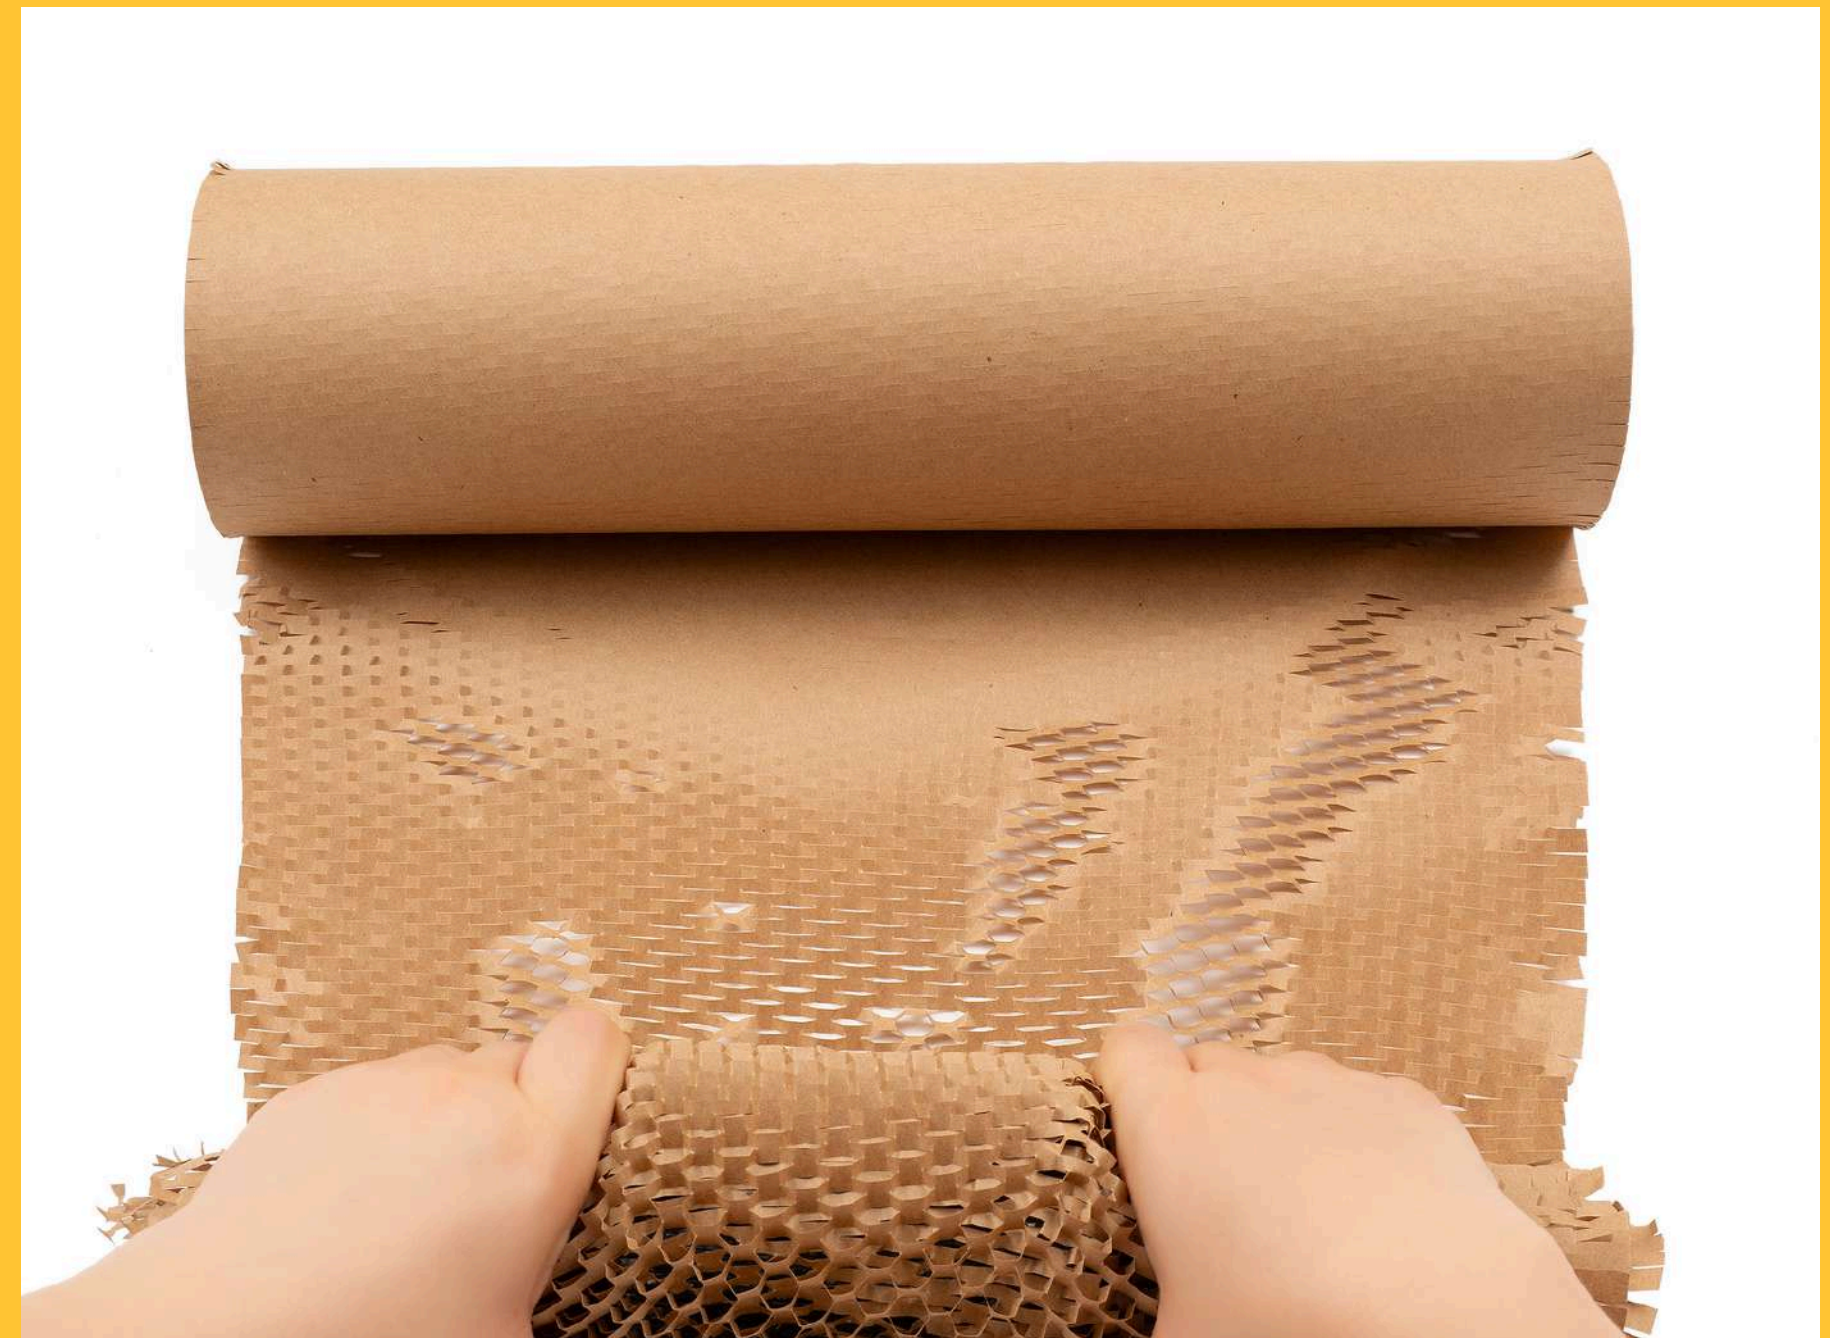

In storage, it takes up to 80% less space compared to plastic bubble wrap, making it a more efficient and eco-friendly solution

HOW TO USE IT?

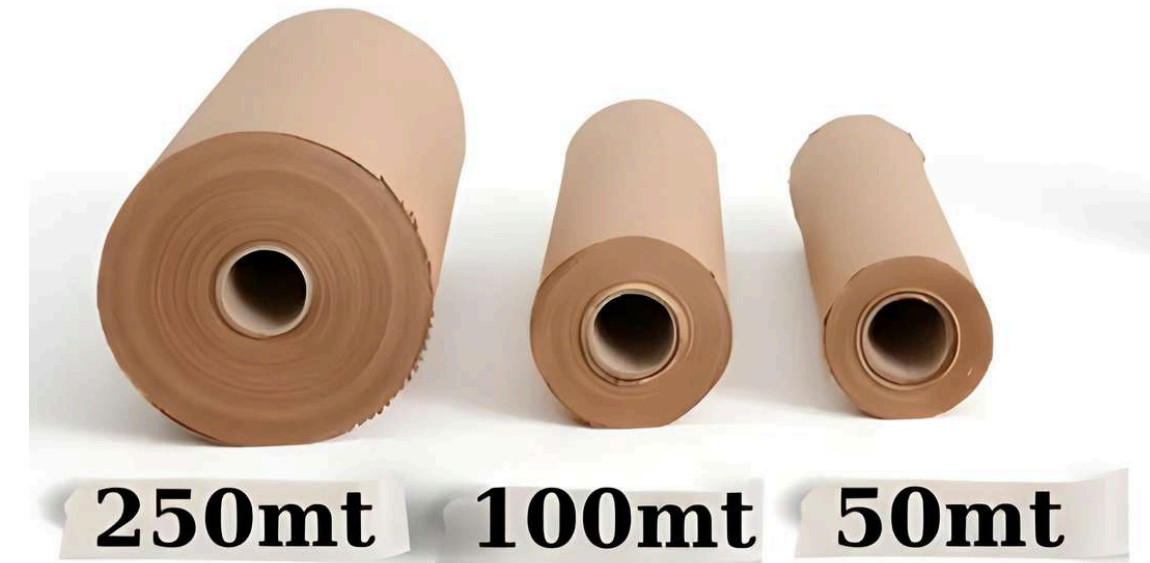

Honey paper is very easy to use. Simply stretch the roll, wrap it around the product, and tear by hand to finish the packaging. The more layers you use, the higher the level of protection, ensuring safe and secure packaging
